Important NOTES:

- We highly recommend Burger Bar vs burger sandwiches to avoid the burger buns to become soggy and since different individuals may have different topping preferences.
- We highly recommend Potato chips over fries for catering. While we serve excellent fries depending on the time between preparation to consumption French fries may lose their fresh and crispy texture in some cases.
- We do deliver delivery fee is \$40 for the first 10 miles (minimum) and \$4 per mile for any additional miles, certain restrictions may apply please discuss deliver with us in advance .

[Valid as of 1-1-2025 – This menu and the prices may change at any time depending on different factors, any changes will be announced prior to the date of change to our catering partners]
